

Hawaii Public Charter School

Listening Tour

Board of Education members are interested in hearing from charter school administrators, administrative staff, and governing board members about their relationship with the Hawaii State Public Charter School Commission and its staff, their views on how the Commission is performing its duties, suggestions about how the Board should fulfill its oversight and evaluation duties and any other issues charter schools are facing. The Board may consider this information when assessing Board oversight and evaluation of the Commission and the issue of multiple authorizers.
